## NEW BUSINESS

Thank You-A card was received from Jennifer Johanning thanking LBW for her scholarship.

Flags-Lance Dilley will get materials for poles for the new flags.

Rodeo Contracts-A few changes were made to the contracts. A tractor and forklift are both to be provided, proper equipment to maintain level ground in the arenas, run sheets to be posted prior to check in and posting of local vet and farrier numbers. Contracts will be sent out to the towns. The towns will be asked to bring the signed contract to the February meeting so that any questions can be answered.

Insurance Rider-Manawa rodeo was wondering if it is possible to get a rider from LBW insurance for the rodeo. Rick will check with Dixie.

Work Days-March 15th will be the date to straighten steel. A location has not yet been decided. If someone has a large shed with room to unload the steel and do the welding, that is what is needed along with lots of help. March 22nd will be the date to do hoof trimming, coggins, and worming of the stock at McCormick's. Help is also needed for that.

Bullfighters-The question was asked about the ability to pay bullfighters and pickup men. The suggestion was that they should find someone to sponsor them to help cover their costs.

Inventory-Terri Kraabel is doing an inventory of LBW property. If you have anything that belongs to LBW, please let her know, [terrikraabel407@hotmail.com](mailto:terrikraabel407@hotmail.com) or 608-606-3466

Spring Clinic-Fred Boetcher has offered to come and bring some other roughstock riders to help. Still working on the other clinicians.

Board Seat-Troy Raflik has resigned. The board filled the seat with Randy Poeschel to finish Troy's term.

Next Meeting-Feb. 10 at 1 p.m. (Note difference in date due to Super Bowl)

## OLD BUSINESS

Rulebooks-The changes need to be given to Terri so that she can get them to Miller Quick Print in Onalaska to get them printed.

Boom Truck-The truck is back from Oshkosh. Dave has someone interested in the truck. It was agreed to sell the truck if he can get the agreed price.

Brent and Duane had both been checking into drop deck trailer prices. A committee was set up to go look at trailers and bring pricing back to the next meeting. The committee consists of Duane, Brent M., and Dave S. A new trailer is a must because the other trailer is sprung from not being put on planks when it was unhooked. Planks under the jacks are a must whenever the trailer is unhooked. Discussion was to sell the old semi trailer for scrap if not usable. A question was asked about still needing a cargo trailer, but the plan is to make a box on the new trailer so that everything can be together on one trailer.

## ELECTION OF OFFICERS AND BOARD MEMBERS

The election of officers and board members took place and the new positions are as follows:

Rick Munns--President  
Dale Boetcher--Vice President  
Pam Shaw--Secretary  
Terri Kraabel--Treasurer  
Pete Kyser--3 year board member  
Brent Johnson--3 year board member  
Gary Mitchell--2 year board member  
Randy Poeschel-

If you are interested in volunteering to work on the database during rodeos, to please email Carolyn at [celert@immunodynamics.com](mailto:celert@immunodynamics.com) or to call me at 608-513-0952. I am going to start workshops soon.

## More Rule Changes

(Some of these will be listed each month)

\***Meetings**-Contestant meeting to be attended by at least one parent.

\***Dress code**- Must be in dress code from 11:30 am until end of the rodeo.
